dinner. A mezuzah dedication took place at the end of the event to conclude the weekend.

From the 50th Anniversary event, and an increased focus on alumni relations, our donations have increased. Thanks to this generosity, the chapter has been able to purchase a big-screen TV, amplifier, and a steam cleaner. This has led to an increase in Brotherhood morale and excitement in improving our alumni relations. Our next alumni event will be a barbecue on October 16, 2004 for the Homecoming football game against Wisconsin at the conclusion of play.

Pi Upsilon is in the midst of its summer rush. If you know of anyone who will be attending Purdue, please contact the chapter house at 765-743-9711 and ask for our Rush Chairman Jeff Lipkowitz or send him an e-mail at [jlipkowi@purdue.edu](mailto:jlipkowi@purdue.edu). With our increased emphasis on rush, and the hard work of many Brothers over the summer, we are anticipating one of the largest pledge classes in years for Pi Upsilon.

The chapter website is also in the midst of a complete overhaul. The majority of the site is up and running so please visit [www.purdue.edu/aepi](http://www.purdue.edu/aepi) and see the progress that has been made. Also, the chapter established The Norman Zinner Semester GPA Improvement Award, which rewards the recipient with a cut in dues for scholastic improvement. In addition, a highest se-

award is in the works. The money for the scholastic awards comes from the Pi Upsilon Fund of the Alpha Epsilon Pi Foundation. If you have questions or would like to donate to this fund, please contact the chapter Brother Master Michael Zawacki at [mzawacki@purdue.edu](mailto:mzawacki@purdue.edu). We look forward to seeing our alumni at the fall barbecue.

### TAU DELTA | NORTHWESTERN

The Tau Delta chapter at Northwestern hosted Dog Days, its second annual spring philanthropy in May. Dog Days is a four-day event, which includes hot dog grilling and soda sales at locations throughout campus and culminates on the final day with a twelve-hour concert in the fra-

ternity quadrangle. The concert featured student and professional bands who donate their time and talent. The entire Brotherhood participated, donating a combined 1,500 man-hours over the week to ensure the event's success. The event raised \$5,000 for the American Cancer Society and Chai Lifeline.

The chapter also hosted its fifth annual traditional Passover Seder, which was attended by nearly every Brother as well as numerous guests and faculty members. In addition, the chapter ended the year with a white water rafting trip to Wisconsin.

Tau Delta continues to raise the bar in academics as well. The chapter earned the highest grade point average among fraternities, and our new pledge class held the distinction of the highest grade point average among all 31 Greek letter organizations for the year.
